This position involves performing underground and overhead electrical work involved in the construction and maintenance of traffic signal systems. Work involves electrical line repair work on poles and other high places, repairing line outages and handling emergency problems as they arise.

Applicants must possess a high school education or equivalent supplemented by vocational training in electrical principles and theory. Applicants should also possess experience as an electrician, preferably in the installation, maintenance and repair of electrical line systems and in the use of lineman equipment. This position requires knowledge of the practices, methods, equipment and tools associated with the maintenance of electrical lines and knowledge of the safety procedures used in electrical installation and maintenance activities. This position also requires the ability to be called out at times other than regular working hours to respond to emergency conditions, to work effectively outdoors for long periods of time in a variety of weather conditions, to work safely from aerial bucket trucks and to work safely in and around traffic. Possession of a Class A Ohio CDL with tanker and air brake endorsements is required of this position.

CREDIT FOR MILITARY SERVICE: Applicants who have been honorably discharged from active duty in the armed forces of the United States are eligible to receive additional percentage of their cumulative passing score. Proof (i.e., a copy of the honorable discharge certificate or the DD-214 specifying an honorable discharge) must be submitted with the application. **NO CREDIT WILL BE GIVEN IF PROOF IS SUBMITTED AFTER THE FILING DEADLINE.**
